

T 65 digital ULTRA-TURRAX®

Extremely powerful dispersing instrument for volumes from 2 - 50 I (H2O) for typical pilot plant stations with digital speed display. It offers a wide speed range from 1000 - 9,500 rpm that enables users to work at high circumferential speeds even with small rotor diameters. Three rotor-stator configurations guarantee a wide range of applications. Reproducible operations due to constant speed even with changes in viscosities.

- Digital speed display
- Electronic speed control
- Electronic overload protection
- Cables and plugs not included in the delivery.
- Plug-in connectors facilitate exchange of dispersing elements
- Stainless steel dispersing elements for use under vacuum and pressure
- Error code display

Accessories: S 65 KG - HH - G 65 G Dispersing element, S 65 KG - HH - G 65 M Dispersing element, S 65 KG - HH - G 65 F Dispersing element, T 653 Telescopic stand, R 4765 Floor stand, SI 400 Safety switch, SI 474 Fixing device
